AUDIBEL[®]

Hearing you can feel

At Audibel®, we believe better hearing helps you feel connected to your world in a richer and more personal way.

When you make the decision to wear hearing aids, you begin a journey to overall health that starts with hearing wellness and results in a fuller, more complete life.

Audibel A4i™ iQ, Audibel's most advanced technology with supreme sound quality and premium features, is customizable to fit your unique hearing needs and keep you connected to the people and things you love most.

Superior Sound uses cutting-edge technology to deliver true listening enjoyment.

AUDIBEL  iQ

POWERED BY Starkey Hearing Technologies

Fit for a happy, healthy life

Hearing loss isn't just an ear issue, it's a quality of life and health issue.

It can occur for natural reasons, but other causes might surprise you.

Older adults*

with impaired hearing may have a **shorter lifespan** than their peers without hearing problems.¹

*70 years and older

People* with a hearing loss experience a **30-40% faster decline in cognitive abilities** compared to peers without hearing loss.²

*75 years and older

People with low-frequency hearing loss are considered **at risk** for cardiovascular events.³

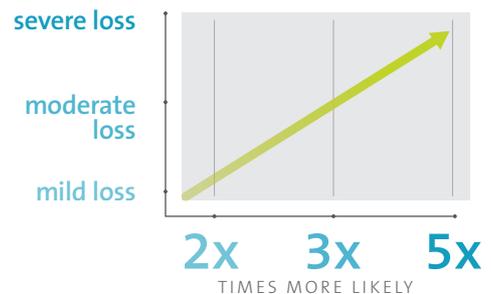

Adults with untreated hearing loss

were more likely to report depression, anxiety and paranoia than peers who wore hearing aids.⁴

*50 years and older

Adults with untreated hearing loss are more likely to develop dementia.⁶

There is a significant association between **high blood pressure and untreated hearing loss.**⁷

People with mild hearing loss

are **3x more likely**

to have a history of falling.⁸

90-95%

of people with **hearing loss can be treated** with hearing aids.⁹

A4i iQ hearing aids are made so people with hearing loss won't have to miss a single sound that brings them joy. They are made knowing people who hear better, live better.

Simply put, A4i iQ hearing aids are made for the speed of life.

Fit for staying connected

Our latest smartphone compatible hearing aids and our easy-to-use TruLink Hearing Control app

are engineered to work specifically with Apple® and Android™ devices. Together, A4i iQ and TruLink® deliver the most personalized hearing experience ever, and are designed to:

- Provide natural hearing and effortless transitions as you go about your day
- Deliver pristine audio and exceptional listening clarity
- Preserve peace and quiet while amplifying the important things
- Help you better understand conversations and hear comfortably
- Stream phone calls, music and messages directly from your iPhone® to your hearing aids*

**Only available with Apple devices.*

Fit for better connections

A4i iQ intuitively connects to your Apple and Android devices via Bluetooth technology and Audibel's easy-to-use TruLink app.

TruLink offers additional features designed to enhance anywhere you go — so you can easily enjoy everything you do.

PERSONALIZED CONTROL

Personalized Control in the TruLink app lets you make adjustments to SoundSpace and Noise Manager to suit your preferences in different listening environments.

PHONE CALLS

Answer your calls with the touch of a button and hear an entire conversation streaming directly to your A4i iQ hearing aids via Bluetooth® technology.*

REMOTE CONTROL

Using the remote control feature in the TruLink app, you can change volume and switch memories on your hearing aids right from your smartphone.

**Only available with Apple devices.*

TRULINK MEMORIES

You can create up to 20 TruLink Memories using the SoundSpace tool on the TruLink app.

You can even geotag memories using the build-in GPS on your smartphone. A geotagged memory will recognize where you are and automatically adjust your A4i iQ hearing aids when you enter that space. For instance, a geotagged “coffee shop” memory will automatically activate when you walk into your favorite coffee shop.

AUTO EXPERIENCE MANAGER

Automatically adjusts your A4i iQ hearing aids’ loudness over time to help you transition to your new hearing experience in the most comfortable way possible.

**Only available with Apple devices.*

PRISTINE AUDIO STREAMING

A4i iQ hearing aids provide direct streaming of phone calls, music and media from your iPhone — so you can enjoy clear communication and pristine audio streaming any time, anywhere, for impressive, immersive sound.*

APPLE WATCH COMPATIBLE

Use the TruLink app for Apple Watch® to control volume, change memories and mute your hearing aids right from your wrist.*

TruLink Hearing Control app for Apple Watch provides you with even more ways to easily control and personalize your hearing experience.

LIVE MICROPHONE

Simply set your iPhone nearby, turn on the microphone feature and stream conversations directly to your A4i iQ hearing aids. You may also record, play back and email audio as it happens or save recordings to listen to later.*

SIRI INTEGRATION

You can have Siri® read texts and emails directly to your A4i iQ hearing aids.*

FIND MY HEARING AIDS

Easily locate lost hearing aids using the Find My Hearing Aids feature, with both a location and timestamp. A signal detector sends a stronger or weaker signal based on how close you are to locating your A4i iQ hearing aids.

REAL-TIME NOTIFICATIONS

Notifications for phone calls, texts, emails or other apps can be streamed directly to your A4i iQ hearing aids.*

TRULINK ADAPTIVE CAR MODE

With TruLink's Adaptive Car Mode, A4i iQ hearing aids will automatically change to a setting designed to reduce the annoying sounds of driving and enhance your overall driving experience.

*Only available with Apple devices.

TruLink Remote

Audibel is proud to introduce our newest accessory — TruLink Remote.

Since TruLink Remote works with or without a smartphone, A4i iQ is accessible to anyone. You can also control memory and volume, mute your hearing aids and turn other special features on and off.

TRULINK
PERSONAL HEARING CONTROL

Many hearing aid wearers still prefer a remote control as an accessory for their hearing aids.

TruLink Remote provides the utility you deserve with the fast-acting features you need.

Fit for music lovers

*“Life seems to go
on without effort
when I am filled
with music.”*

- GEORGE ELIOT

*Tastes in music may be unique,
but the power of music is
universally understood.*

Thanks to the processing power in A4i iQ hearing aids, you can enjoy your favorite music in a whole new way with features that:

- Focus on music audibility, desired loudness and sound quality
- Make soft music sounds audible
- Allow on-demand and automatic control

The result is listening enjoyment for the way you want to hear music — automatically and in your control.

Fit to deliver the very best

You want

*To hear comfortably in
challenging environments*

*Enhanced phone
communication*

*Hearing that
happens intuitively*

*Hearing that's
personalized for you*

No buzzing or whistling

*Durable, dependable
hearing aids*

*Music the way it was
meant to be heard*

Customizable tinnitus relief

A4i iQ delivers

NEW

Acuity™ Immersion Directionality, designed to restore natural benefits provided by the ear and improve speech audibility in difficult listening situations.

Direct streaming of phone calls from your iPhone to your hearing aids to enable clear and comfortable conversations.*

Geotagged memories that automatically switch modes when the GPS feature in your Apple or Android smartphone detects you are in a tagged location. For example, a “home” memory activates when you arrive at home.

Personalized Control in the **TruLink** app that lets you make adjustments to **SoundSpace** and **Noise Manager** to suit your preferences in different listening environments.

Audibel's best-in-class feedback cancellation system providing feedback-free, comfortable listening all day long.

Surface™ NanoShield, our pioneering water, wax and moisture repellent system, to protect and ensure durability and dependability.

A whole new way to experience music — adjustable via the **TruLink** app. Now you can hear every note the way the artist intended — with pure, refined sound quality.*

Advanced **Multiflex Tinnitus Technology**, adjustable via the TruLink app, to bring relief to those who suffer from ringing in the ears.

Fit for everywhere you are

From the beginning, our hearing solutions have enabled people to hear better in challenging environments and live a better life.

With A4i iQ hearing solutions from Audibel, you'll begin to hear all the subtleties of life: the inflection in the voice of a spouse or the nuances in the notes of a favorite song. Whether it's one-on-one or in the most crowded places, you'll hear the world around you.

What you need will depend on how busy and active you are, and what types of environments you frequent.

Listening environments

*What is
your hearing
lifestyle?*

Our lineup of products enhances many different listening environments. Talk to your hearing professional about which options fit your lifestyle best.

Made so the world may hear

Our Founder and CEO, William F. Austin, has always held a strong belief that the gift of better hearing results in a fuller and richer life.

We prove our dedication to this philosophy daily, through our support of Starkey Hearing Foundation. And for every Audibel hearing aid purchased, we help someone in need.

The gift of hearing opens up new worlds of opportunity. It connects individuals to life and helps them realize they can accomplish more than they ever thought possible. Starkey Hearing Foundation uses hearing as a vehicle to change lives around the world.

Made to help millions.
